

## **APPLICATION PROCESS**

1. Shell South Africa Marketing (Pty) Limited offers a Throughput Agreement to entities interested in replenishing volume, storage of volumes, and uplifting of volumes from Shell Storage depots around South Africa.
2. Product storage available at the Shell depots includes Bulk Petrol, Bulk Diesel, and Kerosene. The products replenished, stored and uplifted should meet SANS specifications.
3. Thirds parties need to prove by producing Wholesaling licenses as part of their application to take up capacity at Shell storages depots
4. Thirds parties must be in a position to prove financial stability and Shell SA reserves the right to verify the details.
5. Thirds parties must prove and provide certificate confirming their BEE status as per the Liquid Fuels Charter.
6. The Throughput Agreements complies with conditions as set out by NERSA and stipulated in the regulatory terms of the Petroleum Products Act, 1977 (Act No.120 of 1977) and the amendments registered as per the Petroleum Pipelines Act, 2003 (Act No60 of 2003)
- 4 Terms and conditions of Shell's Throughput Agreement can be read in the document herein referred to as the "THROUGHPUT AGREEMENT".
7. In terms of the Regulations published under GNR342 Government Gazette No. 30905 of 4 April 2008 in terms of the Petroleum Pipelines Act, 2003 (Act No. 60 of 2003), Shell's allocation mechanisms for uncommitted capacity (in draft) complies with sub-regulation 3(8) of the Regulations. Refer to Allocation Mechanism for Uncommitted Capacity (in draft)
8. Approval of 3<sup>rd</sup> party personnel and assets allowed onto Shell property (contractors, vehicles) should conform to Shell standards, which can be viewed in the document attached "SECURITY TRAINING".
9. Request for an application should be made to:
